2017 Korean Minister of Science and Technology Information and Communication Award - ICT 5G field

The ICT InnoFesta 2017, hosted by the 'Minister of Science and Technology Information and Communication' and co-hosted by the 'National IT Industry Promotion Agency', 'Korea Venture Business Association', 'ICT confederation', and 'ALF', was held December 19, 2017.

In the ceremony for excellent companies that contributed to the development of the ICT industry, FRTek was awarded the 'ICT 5G field' Excellence Award. FRTek is committed to continue to be a leading ICT company that has flexibility, technology, and enthusiasm for the 4th industrial revolution based on 5G technology.
